Hello,

I understand we may have an opportunity to work together– I have mostly been focused on pulling together this timeline of the position EPA has taken over the years (attached – still a work in progress), but think there's much more research that needs to go into developing an options paper. I am going to send you a Teams invite in a moment so we can set up a time for us to talk and include Amber from OGC, who's also working on this issue.

Thanks,

Subject: Imported Treated Seed Work: Leslie's Availability

Hi WCED managers – Leslie is interested in reviewing Robin's treated seed memo and investigating further the components of imported treated seeds. Feel free to work directly with Leslie on her timing and availability for this assignment.

Thanks!
Lynne
